

BATTERIES RESTRICTED FOR SHIPPING IN THE UNITED STATES

Only designated Hilti employees at Distribution Centers and Tool Service Centers may ship batteries that are greater than 300 Wh.

To remain in compliance with the United States Department of Transportation (DOT), Lithium-ion batteries that are greater than 300 watt-hours (Wh) must only be shipped by persons who are trained, equipped, and designated as HazMat shippers.

When shipping Lithium-ion batteries, please closely follow the shipping instructions included with the shipping label to ensure everyone's safety, well-being, and regulatory compliance across the shipping network. If you need to replace a battery under warranty or Fleet coverage, please call Customer Service at 1-800-879-8000. For batteries which have reached end-of-life, either contact Hilti for collection and recycling information, or take it to a battery recycling location – do not dispose of batteries as normal trash.

No one other than designated Hilti employees at Distribution Centers and Tool Service Centers may ship the following batteries in the United States for any reason.
