

HILTI HELPS PREVENTS SPREAD OF COVID-19

HILTI HELPS PREVENTS SPREAD OF COVID-19

As part of COVID-19 safety measures, Hilti has revised the following processes while maintaining our commitment for support and assure our customers we remain on the job so you can stay on yours.

MANUFACTURING

- Hilti's manufacturing plants are open & production is running smoothly.
- Plant employees are screened before starting work.
- Only essential workers are allowed in the facility.

WAREHOUSE & SUPPLY CHAIN

- Warehouses remain open & fulfilling orders.
- Keeping stock levels at normal capacity.
- Warehouse staff are screened daily before work.
- Increased sanitary & social distancing measures.

TOOL REPAIR

- Still maintain repair promise of one-day turnaround.
- Repair Tech screening before each work day.
- New sanitation routines & PPE use during entire shift.
- Tools & cases cleaned & sanitized as part of repair.

HILTI STORES

- Remain open for order pick-up.
- Orders and payments processed online to reduce any unnecessary potential exposure.
- Only essential Hilti personnel are permitted in the store.
- Fully stocked, keeping local needs available same day.

HILTI SALES & ENGINEERS

- Maintaining regular business hours to support your business needs.
- Available over the phone, email or via webinars to keep your business, safety & well-being a priority.
- Receive constant updates on COVID-19 best practices.
