On 13 July 2015, Eurofins Product Testing A/S received a sample of a Firestop Cable Disc with the product name:

**CFS-D 1” / CFS-D 25**

supplied by

**Hilti Entwicklungsgesellschaft GmbH**

The sample was supplied as being representative of the manufactured product, and it has been tested in accordance with the relevant ISO 16000, AgBB and CDPH testing standards (See test report no. 392-2015-00215701_C and 392-2015-00215701_H).

The test results of the tested flooring indicate that the product qualifies for LEED v4 and LEED 2009 specifications on VOC emissions by complying with:

**VOC emissions specifications in LEED EQ credit "Low-emitting products":**

- the requirements of DIBt (October 2010) and AgBB (February 2015), and the formaldehyde limit of 10 µg/m³ after 28 days
- the requirements of CDPH-IAQ (California Department of Public Health, Feb 2010); and a TVOC below 0.5 mg/m³ in both office and class room.
