On 19 December 2014, Eurofins Product Testing A/S received a sample of a Firestop silicone joint spray with the product name:

CFS-SP SIL

supplied by

Hilti Entwicklungsgesellschaft GmbH

The sample was supplied as being representative of the manufactured product, and it has been tested in accordance with the relevant ISO 16000 and CDPH testing standards (See test report no. 392-2014-00320805A).

The test results of the tested coating indicate that the product qualifies for LEED v4 specifications on VOC emissions by complying with:

VOC emissions specifications in LEED EQ credit "Low-emitting products":
- the requirements of CDPH-IAQ (California Department of Public Health); and a TVOC between 0.5 - 5 mg/m³ in both office and class room.
