Subject: Hilti X-S 14 G3 MX (Item #2110989); ICC ESR labelling

To whom it may concern;

The above referenced product, which is a nail fastener installed with the Hilti GX3 gas-actuated tool, has a valid and current ICC Evaluation Services Report, ESR 1752, as of the date of this letter. Hilti recently discovered that the product packaging for this item included an incorrect reference to ESR #3059. This is an oversight on our part and we have initiated a correction to the label to show only the correct reference to ESR-1752. Please note that this product is not approved by ICC ES to carry the ESR-3059 report number.

Please feel free to contact our Engineering Technical Services Department for more information or any questions.
