Original operating instructions
1 Information about the documentation

1.1 About this documentation

• Read this documentation before initial operation or use. This is a prerequisite for safe, trouble-free handling and use of the product.
• Observe the safety instructions and warnings in this documentation and on the product.
• Always keep the operating instructions with the product and make sure that the operating instructions are with the product when it is given to other persons.

1.2 Explanation of symbols used

1.2.1 Warnings

Warnings alert persons to hazards that occur when handling or using the product. The following signal words are used:

⚠️ DANGER

DANGER!
▶ Draws attention to imminent danger that will lead to serious personal injury or fatality.

⚠️ WARNING

WARNING!
▶ Draws attention to a potential threat of danger that can lead to serious injury or fatality.

⚠️ CAUTION

CAUTION!
▶ Draws attention to a potentially dangerous situation that could lead to slight personal injury or damage to the equipment or other property.

1.2.2 Symbols in the documentation

The following symbols are used in this document:

Symbol | Description
--- | ---
⚠️ | Read the operating instructions before use.
ℹ️ | Instructions for use and other useful information
♻️ | Dealing with recyclable materials
🚫 | Do not dispose of electric equipment and batteries as household waste

1.2.3 Symbols in the illustrations

The following symbols are used in illustrations:
These numbers refer to the corresponding illustrations found at the beginning of these operating instructions.

The numbering reflects the sequence of operations shown in the illustrations and may deviate from the steps described in the text.

Item reference numbers are used in the overview illustrations and refer to the numbers used in the product overview section.

This symbol is intended to draw special attention to certain points when handling the product.

1.3 Product information

Products are designed for professional users and only trained, authorized personnel are permitted to operate, service and maintain the products. This personnel must be specifically informed about the possible hazards. The product and its ancillary equipment can present hazards if used incorrectly by untrained personnel or if used not in accordance with the intended use.

The type designation and serial number are printed on the rating plate.

- Write down the serial number in the table below. You will be required to state the product details when contacting Hilti Service or your local Hilti organization to inquire about the product.

1.4 Declaration of conformity

We declare, on our sole responsibility, that the product described here complies with the applicable directives and standards. A copy of the declaration of conformity can be found at the end of this documentation.

The technical documentation is filed here:

Hilti Entwicklungsgesellschaft mbH | Tool Certification | Hiltistrasse 6 | 86916 Kaufering, Germany

2 Safety

2.1 Important safety instructions

WARNING! READ ALL INSTRUCTIONS. Failure to follow all instructions listed below can result in electric shock, fire and/or serious injury. KEEP THESE INSTRUCTIONS IN A HANDY YET SECURE PLACE.

2.2 Careful handling and use

- Use the product only when it is in perfect working order.
Never tamper with or modify the product in any way.

This device can be used by children 8 years of age or older and by persons with physical, sensory or mental disabilities or little relevant experience or know-how if they are supervised or have received instruction on the safe use of the device and the resulting hazards.

Do not use the product where there is a risk of fire or explosion.

Do not use the device outdoors.

Do not use accessories not specifically intended and recommended for this power tool by the tool manufacturer. The fact that an accessory can be attached to your power tool does not necessarily mean that it can be used in safety.

Replace the complete cordless lamp when the light source has reached the end of its life. The light source in this cordless lamp is not replaceable.

Do not look into the beam and do not direct the beam toward other persons.

Do not expose the device to rain or moisture. Water entering an electric device will increase the risk of electric shock.

### 2.3 Battery use and care

- Observe the special regulations and instructions applicable to the transport, storage and use of Li-ion batteries.
- Do not expose batteries to high temperatures, direct sunlight or fire.
- Do not disassemble, crush or incinerate batteries and do not subject them to temperatures over 80 °C.
- Do not use or charge batteries that have suffered mechanical impact, have been dropped from a height or show signs of damage. In this case, always contact your Hilti Service.
- If the battery is too hot to touch it may be defective. In this case, place the product in a non-flammable location, well away from flammable materials, where it can be kept under observation and allowed to cool down. In this case, always contact your Hilti Service.

3.2 Intended use

The product described is a cordless lamp. It is intended for use as illumination on jobsites. Use the product in a dry environment only.

Use only Hilti Li-ion batteries from the B 12 series with this product.

- Use only the Hilti battery chargers of the C 4/36 series with the CA-B12 charging adapter, or battery chargers of the C 4/12-50 series for charging these batteries.

Use only Hilti Li-ion batteries of the B 22 series with this product.

- Use only the Hilti battery chargers of the C4/36 series for charging these batteries.

3.3 Charge state indicator

Lightly press (no more than until resistance is perceptible) either of the battery release buttons to check the charge state of the Li-ion battery.

<table>
<thead>
<tr>
<th>Status</th>
<th>Meaning</th>
</tr>
</thead>
<tbody>
<tr>
<td>4 LEDs light up.</td>
<td>Charge state: 75 % to 100 %</td>
</tr>
<tr>
<td>3 LEDs light up.</td>
<td>Charge state: 50 % to 75 %</td>
</tr>
<tr>
<td>2 LEDs light up.</td>
<td>Charge state: 25 % to 50 %</td>

4.2 Battery

- Battery operating voltage: 10.8 V
- Ambient temperature for operation: −17 °C ... 60 °C
- Storage temperature: −20 °C ... 40 °C
- Battery charging starting temperature: −10 °C ... 45 °C

4.3 Battery

- Battery operating voltage: 21.6 V
- Ambient temperature for operation: −17 °C ... 60 °C
- Storage temperature: −20 °C ... 40 °C
- Battery charging starting temperature: −10 °C ... 45 °C

5 Operation

5.1 Preparations at the workplace

⚠️ **CAUTION**
Risk of injury by inadvertent starting!
- Before inserting the battery, make sure that the product is switched off.
- Remove the battery before making any adjustments to the power tool or before changing accessories.

Observe the safety instructions and warnings in this documentation and on the product.
5.2 Inserting the battery

⚠️ CAUTION

Electrical hazard. Dirty contacts may cause a short circuit.
▶ Before inserting the battery, check to ensure that the battery terminals and the contacts on the product are free from foreign objects.

⚠️ CAUTION

Risk of injury. If the battery is not fitted correctly it may drop out and fall.
▶ Check that the battery is securely seated in the product so that it cannot drop out and fall, thereby presenting a hazard to other persons.
▶ Insert the battery and check that the battery is securely seated in the device.

5.3 Removing the battery

1. Press both release buttons.
2. Pull the battery to the rear and out of the product.

5.4 Pivoting the head of the lamp

1. Pull out the retractable hook.
   
   ⚠️ When you suspend the lamp using the retractable hook, check the load-bearing capacity of the point from which the lamp is suspended.

2. Pivot the head of the lamp upwards.

5.5 Turning the lamp head

⚠️ CAUTION

Risk of damage to the eyes (the retina). Looking directly into the lamp presents a risk of damage to the eyes (the retina).
▶ Do not direct the lamp at yourself or at anyone else.
▶ Do not, under any circumstances, look into the lamp.
▶ Turn the lamp head to the desired position.

🔍 The lamp head can be turned in either direction along the axis. Do not attempt to force the lamp head past the end stops.

5.6 Switching on

1. Turn the lamp head to the desired position. → page 9
2. Select a mode by pressing the 3-mode switch.
6 Care and maintenance

6.1 Care and maintenance

⚠️ WARNING
Risk of injury with battery inserted!
▶ Always remove the battery before carrying out care and maintenance tasks!

Care and maintenance of the tool
• Carefully remove stubborn dirt.
• Clean the air vents carefully with a dry brush.
• Use only a slightly damp cloth to clean the casing. Do not use cleaning agents containing silicone as these can attack the plastic parts.

Care of the Li-ion batteries
• Keep the battery free from oil and grease.
• Use only a slightly damp cloth to clean the casing. Do not use cleaning agents containing silicone as these may attack the plastic parts.
• Avoid ingress of moisture.

Maintenance
• Check all visible parts and controls for signs of damage at regular intervals and make sure that they all function correctly.
• Do not operate the product if signs of damage are found or if parts malfunction. Have it repaired immediately by Hilti Service.
• After cleaning and maintenance, fit all guards or protective devices and check that they function correctly.

To help ensure safe and reliable operation, use only genuine Hilti spare parts and consumables. Spare parts, consumables and accessories approved by Hilti for use with the product can be found at your local Hilti Store or online at: www.hilti.group.

7 Transport and storage

7.1 Transport and storage of cordless tools

Transport
⚠️ CAUTION
Accidental starting during transport!
▶ Always transport your products with the batteries removed!

▶ Remove the battery.
▶ Never transport batteries in bulk form (loose, unprotected).
▶ Check the tool and batteries for damage before use after long periods of transport.
Storage

⚠️ CAUTION

Accidental damage caused by defective or leaking batteries!

- Always store your products with the batteries removed!
- Store the tool and batteries in a place that is as cool and dry as possible.
- Never store batteries in direct sunlight, on heating units or behind a window pane.
- Store the tool and batteries in a place where they cannot be accessed by children or unauthorized persons.
- Check the tool and batteries for damage before use after long periods of storage.

8 Troubleshooting

If the trouble you are experiencing is not listed in this table or you are unable to remedy the problem by yourself, please contact Hilti Service.

8.1 Troubleshooting

<table>
<thead>
<tr>
<th>Trouble or fault</th>
<th>Possible cause</th>
<th>Action to be taken</th>
</tr>
</thead>
<tbody>
<tr>
<td>The battery does not engage with an audible double click.</td>
<td>The retaining lugs on the battery are dirty.</td>
<td>▶ Clean the retaining lugs and push the battery in until it engages.</td>
</tr>
<tr>
<td>1 LED flashes. The device does not work.</td>
<td>The battery is discharged.</td>
<td>▶ Change the battery and charge the empty battery.</td>
</tr>
<tr>
<td></td>
<td>The battery is too hot or too cold.</td>
<td>▶ Allow the battery to cool down or warm up slowly to room temperature.</td>
</tr>
</tbody>
</table>

9 Disposal

♻️ Most of the materials from which Hilti tools and appliances are manufactured can be recycled. The materials must be correctly separated before they can be recycled. In many countries, your old tools, machines or appliances can be returned to Hilti for recycling. Ask Hilti Service or your Hilti representative for further information.

Battery disposal

Improper disposal of batteries can result in health hazards from leaking gases or fluids.
- DO NOT send batteries through the mail!
- Cover the terminals with a non-conductive material (such as electrical tape) to prevent short circuiting.
Dispose of your battery out of the reach of children.
Dispose of the battery at your Hilti Store, or consult your local governmental garbage disposal or public health and safety resources for disposal instructions.

Do not dispose of power tools, electronic equipment or batteries as household waste!

10 RoHS (Restriction of Hazardous Substances)
Click on the links to go to the table of hazardous substances: qr.hilti.com/r7107441 (SL 2-A12) and qr.hilti.com/r7107460 (SL 2-A22). There is a link to the RoHS table, in the form of a QR code, at the end of this document.

11 Manufacturer’s warranty
Please contact your local Hilti representative if you have questions about the warranty conditions.
